The Costa Magica

Beauty of the kingdom

You are not dreaming: the most magical places of the Italian peninsula accompany you to offer you the sun from the four corners of the globe. The bridges bear the names of the greatest artists of Italian history: from Titian to Donatello, from Michelangelo to Giotto. You will be surrounded by works realized by the prestigious Academy of fine arts of Brera in Milan, around the theme of magic. While you immerse yourself in the hydromassage basin in Positano or you will laze on the lido in the form of an amphitheater of Maratea, the staff of the center of well-being will describe all the services available to the Club Salute Saturnia to make you live aboard the magic of the thermal baths.
